BharatCareer-Youth Job Readiness Program is a flagship initiative under BharatCares (by CSRBOX) that aims to serve as a pathway for the aspiring youth of our country to achieve a rewarding career and yield the youth with the real workplace skills that matter. It is an intensive placements-linked program to prepare the final year undergraduate and graduate students for the jobs market with employability and life-skills or entrepreneurship training to prepare for future job-creators.

The Context

With the restructured and transformed employment space, employers no longer follow the traditional recruitment practices. Employers look for competencies like critical thinking, communication, leadership, creativity, and problem-solving skills. BharatCareer-Youth Job Readiness Program aims to meet these requirements through its comprehensive and interactive career-ready model.

Comprehensive Solution: BharatCareer- Youth Job Readiness Program

BharatCareer- Youth Job Readiness Program intends to make the youth career-ready by enhancing their employability skills. The program aims at bridging the gaps that the workplace demands by imparting the learners the necessary skills. The program will enrol the aspiring youth of the country who will undergo a 90 hours' virtual training program conducted by the domain experts followed by placement drives.

Training and Activity-based sessions on Communication and Professional Skills

Masterclasses and Workshops by Industry experts

Placement Support through Job Melas

One on One Counselling with Experts

Assessments, Feedback, and Certificates

Program Modules

- **Communication Skills (30 hours)**
- **Professional Skills (30 hours)**
- **Leadership and Management Skills (12 hours)**
- **Basic Aptitude Skills (6 hours)**
- **Career Camp-Get the practical training on Job Roles (12 hours)**

Who should attend?

Graduates and Undergraduates (Final-Year Students) who have completed graduation in 2020 or 2021 or about to graduate in 2021.

How does the BharatCareer- Youth Job Readiness program work?

Phase 1: Online training by the domain experts on job readiness skills such as communication skills, professional skills, leadership & management skills, and basic aptitude skills. This will be followed by a career camp where hands-on training will be provided for specific job roles.

Phase 2: Providing job opportunities in entry-level white-collar job space post completion of training.

Benefits

Learners will be getting a Badge upon completion of each module which will be a value-addition to the CV. for eg: Communication Badge, Professional Badge, Leadership Badge, etc.

Learners will get access to the IBM SkillsBuild platform to undertake various skill development courses.

Learners will be getting employment/placement support.
